

# Pass the Test/Generate Momentum

## The Reset Process

From the seminar "**Magical Money Manifestation, Part Three; Bringing Money and Resources into Manifestation**"

### Follow These Steps When the Test Appears

1. **Identify** the Test. When it shows up, you will feel fear or threat. Watch your reactions. Identify what you feel. Sense the negative mind talk starting to happen, the old narrative, worry, anger, judgments, blame, panic, etc.
2. Say **STOP!!** Say it vehemently in your mind or out loud. The You that says STOP is now awake, aware, and separate from the limiting emotions.
3. Acknowledge you're in your **Power and Choice**. Claim it. Take your power back from the negative emotional states. Choose to continue the new program of prosperity and happiness in alignment with your heart and Soul.
4. IMMEDIATELY **Expand your S-Image** as an adult free of the negative Ego. Give and receive love with your reality.
5. Remind yourself; "***it's all going according to plan and will turn out okay.***" (***Your Divine Plan includes your support throughout life.***)
6. **Call in the Ergregor, Money, and Future Self**. Plug into their energy and the collective. Feel their support. Remember, your consensus supports you. Your world loves you. It's specifically designed just for you.
7. See and become (step into) **your Future Self** feeling fulfilled and powerful in your new expanded prosperity program. Claim that reality here and now.
8. **Shine Your Light! Keep Expanding Your Resonance!** Proactively repeat this, even with no "test" challenge every day. Set the new resonance; expect the new program you choose to be natural and normal for you.

**Note;** *You can also use this process every day to build momentum even when you are not being challenged. In this case, start with Step Three.*
